Harlequin Manufacturing 7500L Fuel Station

£5,680.00

7500L Fuel Station For Sale

Coming as standard with a range of value added technologies installed, these durable and high quality Refuelling stations offer forecourt style refuelling on site, providing a convenient, safe and efficient option for fuel dispensing. The safe and secure locking system ensures all fuel stored onsite is safe. The optional extra Fuel Management system helps you keep a track of what is being used, setting limits and providing warnings when you're running low.
